WATER PLAYGROUND EQUIPMENT

ABOUT MY SPLASH PAD™

My Splash Pad™ is an American company with over twenty-five years experience in the service industry. **We design, manufacture, and install water playground equipment and water play features for commercial, light commercial and residential applications.** Examples of our work can be found on HGTV's **My Yard Goes Disney**, at **NASA's Visitor Center in Houston**, **Make-A-Wish**, **Lisa Vanderpump's Dog Foundation**, and in backyards and light commercial settings throughout the United States and across the globe.

On the pages that follow, you'll find our growing list of water playground equipment and water play features. If you do not see what you're looking for contact us. Our research and development team is always dreaming up new products to meet the needs of our customers.

If you are interested in our expert splash pad and spray park installations or do-it-yourself splash pad kits, be sure to visit our website at **mysplashpad.net** for more information.

THE BEST WATER PLAYGROUND EQUIPMENT

FOR YOUR

COMMERCIAL & LIGHT COMMERCIAL

SPLASH ZONE.

CREATIVE WATER PLAY FEATURES

THAT ADD

WHIMSY AND CHARACTER

TO YOUR RESIDENTIAL SPLASH PAD.

<https://mysplashpad.net>

We proudly manufacture our water play features in the USA. Due to the custom nature of the features, the colors, textures, and size may vary. If you are in need of specific sizing to accommodate your splash pad project, please contact us directly.

"We had a great experience with **My Splash Pad**. I would totally recommend this company if you are looking for quality work and professionalism. Our kids, as well as the parents, are "over the moon" about having had this for summer water play!"

BETHANY N.
NORTHWEST CHRISTIAN
CHILDCARE

"The **My Splash Pad** team is incredible to work with. Here at **Make-A-Wish San Diego**, we are always looking for amazing vendors to partner with and we found that with **My Splash Pad**. Their enthusiasm & creativity made a wish a reality for a 5-year-old girl who could not have been more excited about the amazing work that they created. Their dedication to the project was inspiring and allowed a wish to come true."

JENNA M., WISH COORDINATOR
MAKE-A-WISH SAN DIEGO

"**My Splash Pad** was a dream to work with. They came in and installed my residential splash pad within three days! The system is practically maintenance free and is up and running with the flip of a switch. I would highly recommend the **My Splash Pad** crew!"

STEPHANIE G.

Add versatility to your spray park with **My Splash Pad™** Foot Plate water play features. They function as water features, while affording you the opportunity to add or relocate water playground equipment and water play features at a later date.

COVER PLATES

COVER PLATE

When you take down your above ground water play features for winter, or in the face of inclement weather, a **My Splash Pad™ Cap** fits snugly over **My Splash Pad™ Foot Plates** to help protect your splash pad from the elements.

GEYSER SPRAY CAP

Add versatility to your spray park with **My Splash Pad™ Foot Plates**. They function as water features, while affording you the opportunity to add or relocate water playground equipment and water play features at a later date.

Conserve water and save on electric with the **My Splash Pad™** Bollard Activator. With this feature your splash pad only runs when it is in use.

BOLLARD

HOW DOES IT WORK?

The **My Splash Pad™** Bollard is equipped with a sensor that is activated by touch. When a child taps the bollard, the splash pad turns on. Then, after a set period of time, the splash pad will automatically shut off and remain off, unless it is activated again by another tap on the bollard.

Made from heavy wall marine grade fiberglass, the **My Splash Pad™** Bollard activator will withstand the elements and vigorous play!

The **Bollard** can be painted in the color of your choice.

- Stainless Steel Grade 8 bolts with Nylon washers
- **My Splash Pad™** Footer Base
- Electronic touch sensor
- Mechanical box that houses all electronics with pigtail to plug into GFI protected outlet

AT MY SPLASH PAD™ WE'RE PLEASED
